

PRODUCT DATA SHEET

Oilzum Snow Plow Oil

Oilzum Snow Plow Oil is a low viscosity hydraulic oil designed to perform in extreme winter conditions, and will flow freely at -40 °F. It is specially refined to reduce drag in close-tolerance gear pumps, while also lengthening pump life. Reduced drag results in lower current draw and more efficient motor performance. An anti-icer is also added for protection against moisture and freeze-ups. Oilzum Snow Plow Oil meets Military Specification 5606.

TYPICAL PROPERTIES

PROPERTY	Typical
Viscosity, cSt @ 40°C	15.2
cSt @ 100°C	5.0
Viscosity Index	300
Gravity, ° API	31.3
Flash Point, °F	219
Pour Point, °C	-80
Rust Test (ASTM D665)	Pass
Foam test (ASTM D 892), foam volume, ml Sequences 1-3	<i>TRIO</i>

Revised 12/15
