## OilzUM Special Synthetic Motor Oil

Our best passenger car motor oils, **OilzUM Special Synthetic Motor Oils**, are designed to exceed the demanding lubrication requirements of today's newest gasoline engines. It is made in all the different viscosities that are being required by the different automotive manufactures, both foreign and domestic. Specially formulated with 100% synthetic base oils in combination with leading-edge additive technology they deliver exceptional resistance to thermal breakdown, oil thickening and low temperature fluidity. They provide superior protection against wear and deposit formation under the most severe driving conditions.

**OilzUM Special Synthetic Motor Oils** are specially formulated and are API Licensed (#2359) to meet the American Petroleum Institute's (API) highest performance Gasoline Engine Service category SN. These viscosity grades are classified by the American Petroleum Institute (API) as "Resource Conserving" engine lubricants, and ILSAC GF-5.

**OilzUM** products have exceeded the needs of auto enthusiasts and champion racers since 1905!
