

PRODUCT DATA SHEET

Pennwood THF 303

THF 303 is designed to be a universal lubricant for farm tractors, industrial and construction equipment. THF 303 is formulated from a blend of highly refined base oils with an additive package that includes rust and corrosion, anti-wear and oxidation inhibitors. It is designed to lubricate the transmission, differential and final drive gears in tractors and implements. It can be used where a JD303 type fluid is recommended.
