

Oilzum Industrial

Cleaners & Rust Preventatives

***OILZUM FC 600**

General-Purpose Floor Cleaner: The important thing to note on the **OILZUM FC 600** floor cleaner is that it is highly concentrated. Often, floor cleaners have a high-water content requiring a high percentage mix. **OILZUM FC 600** in most situations (applications) will be between 1-2%. This often cuts usage back tremendously.

***OILZUM RP 307HF**

Is a 3-4 Month Solvent RP **OILZUM RP 307HF** is a low odor solvent-based type, barium free, rust preventative product formulated to provide excellent corrosion protection for up to 4 months of indoors and sheltered outdoor storage. **OILZUM RP 307HF** is typically used to protect in process and finished steel parts during indoor storage and during shipping in covered vehicles.

OILZUM RP 307HF is an excellent water-displacing product and will not stain metal parts.
